

## Product Description

Scotch-Brite™ NS2020 is a metal-free cleaning tool consisting of an absorbing foam and in a heavy duty – but low scratching – abrasive web. The foam has an ergonomic shape that makes the product easy to use and handle. High-quality low-scratch abrasive particles give excellent scouring capability. They are evenly distributed and stuck to the web thanks to a tough and durable crosslinked resin.

Scotch-Brite™ NS2020 cleans efficiently a large range of surfaces in kitchens such as stainless-steel plates, perforated or not, glass, ceramic hobs, griddles, utensils and cutlery. A good replacement for most applications where steel wool and stainless steel scrubbers are used. Scotch-Brite™ NS2020 scratches up to 11 times less than conventional green scouring pads. Always test on an inconspicuous area.

## Product Line

NS2020      Blue sponge, purple scourer

## Characteristics

The values displayed are the results of illustrative lab test measures and shall not be considered as a commitment from 3M.

Characteristics	Value
Material	Polyether foam, resin, plastic abrasive web
Thickness	45 mm
Size	130 mm x 70 mm
Weight	16.4 g/unit
Web aggressiveness	Low-scratch (Schiefer test on polycarbonate, after 5000 revolutions: 0 g removed)
Colour	Foam blue, scourer purple

## Maintenance and Cleaning

- Rinse the product after each use under tap water.
- Remove deep embedded soil from the product part with hand.
- Rinse under clear water prior first use.

## Country of Origin

Made in Spain

ISO 9001:2015 and ISO 14001:2015 certified manufacturing plant

## Health and Safety

When handling any chemical products, read the manufacturer's container labels and the Safety Data Sheets (SDS) for important health, safety and environmental information.

[Follow the link to obtain SDS sheets for 3M products on 3M.com/SDS.](https://www.3m.com/SDS)

[Follow the link to obtain information about substances of very high concern \(SVHC\).](#)

IMPORTANT! When using any equipment, always follow the manufacturer's instructions for safe operation.

## Warranty Information

### Limited Remedy

This bulletin provides technical information only.

3M recommended product end uses are listed in each 3M product bulletin. End uses not listed in the applicable 3M Product Bulletins are typically not eligible for 3M Warranties. For non-recommended and/or non-warranted end uses or applications, users must test and approve the end uses or applications, assume any associated risks, and acknowledge that 3M has no liability for such end uses or applications. Please contact your 3M representative with any questions about graphic applications, end uses, and warranties.

### Limitations of liability

All questions of warranty and liability relating to this product are governed by the terms and conditions of the sale, subject, where applicable, to the prevailing law.
